

TRAIN ROBBER
WAS KILLEDExpress Messenger Had
Good Aim.

BODY WAS LEFT BEHIND

Companions to the Dead Man Fled
Without Having Accomplished
Their Purpose.

Portland, Ore., Sept. 24.—The Atlantic express of the Oregon Railroad and Navigation line which left here at 8.15 last night, was held up by four masked men near Corbett station, 21 miles east of this city. One of the robbers was shot and killed and another seriously wounded, while the engineer was wounded by a bullet from the express messenger's gun, after passing through the heart of the highwayman. The two other bandits escaped without any booty.

Two of the robbers boarded the train at Troutdale and as soon as it started, crawled into the cab and covered the engineer and fireman with guns. They stopped the train near Corbett, where the second pair of highwaymen joined them. The robbers then started for the express car and mistaking the baggage car for the express, threw sticks of dynamite at the doors.

Express Messenger Kerner heard the explosion and opened fire and killed one robber, the bullet passing through his heart and wounding Engineer Barrett over the heart. After the shooting the three robbers made their escape, but later one was found seriously wounded.

The body of the dead robber was left behind on the railroad track and the wounded engineer was brought to this city. Sheriff Story and four deputy sheriffs left on a special train for the scene of the robbery shortly after midnight. When the sheriffs arrived the wounded outlaw was found a short distance off the track. He had received a charge of buckshot in the head. He was brought to Portland and gave his name as James Connors of Portland, but refused to make known the names of any of the other bandits or the direction in which they went.

The engineer of the train said: "As soon as the sound of the explosion had died away I was ordered to go ahead of the party back toward the door. Instead of obeying orders I stepped behind a rather slender man, one of the bandits, and the fireman followed me. The taller man was in the rear. We were 20 feet from the express car when the messenger fired and killed the robber in front of me. The bullet, afterward found, went through his heart and then struck me in the left shoulder.

"As I felt the bullet strike me I called to the taller man that I was shot and that my left arm had gone. The tall man told me it was all right; that I might go back to the engine with the dynamite and go ahead. We examined the small man first, however, and found that he was killed."

In his effort he went to the quarter pole in 30 3-4, to the half in 59 3-4 and to the three-quarters in 1:29 3-4. There he broke and came home in 2:03. He will go again tomorrow.

CONSOLS GO LOWER.

Period of Hard Times is Fanned at London.

London, Sept. 25.—Consols today fell to eighty-eight and three-eighths and other stock took a similar downward trend. It is feared that a period of depression, accompanied by hard times, has been inaugurated. It is generally conceded that former Colonial Secretary Chamberlain's tariff campaign will aggravate this by making business conditions uncertain.

CHARGED WITH
SELLING TO MINORSAll the Brattleboro Liquor Dealers
Summoned to Appear Before

Brattleboro, Sept. 24.—The board of license commissioners issued notices last night to T. Frank Turner, proprietor of the American house, Miss Sadie A. Turner, proprietor of the Brattleboro house, L. FOR INTERFERING WITH OFFICER.

Two Rutland Men Have Been on Trial Recently.

Rutland, Sept. 24.—Two cases have been on trial in county court of a similar nature. Charles Considine and Frank H. Wood were charged with interfering with an officer who was making an arrest. In the Wood case the jury brought in a verdict of not guilty.

The other case is still being tried. The case grew out of a fracas on Center street last July when Policeman O. R. Packard attempted to arrest for alleged drunkenness Michael Considine, a brother of the respondent. Considine is charged with interfering with the officer, his case being nearly parallel with that of Frank Wood, who was tried yesterday, except that it is alleged that Considine took Packard's club away and threatened to use it.

BASE BALL LITIGATION.

One Case Held Open and Another Returned at Burlington.

Burlington, Sept. 25.—The case of R. H. Robinson vs. G. D. Bodie, growing out of affairs connected with the Burlington base ball team, was to have been tried in city court yesterday, but owing to the fact that Attorney Ballard is engaged in county court the case was held open. It is probable that the hearing will not be heard for a couple of weeks.

"Bill" Haselton, the first baseman, has brought suit against Mr. Robinson, and trustee, the Van Ness House, for the recovery of the balance of his salary. That case is returnable in city court today. A bill has also been presented by the management of the Forest House at Plattsburgh for lodging the team during one of their trips to Plattsburgh. It is probable the bill will be paid without litigation.

MAY BRING
INJUNCTIONTo Prevent Issuance of
\$68,000 Bonds.

TROUBLE IN BURLINGTON

It is Claimed That Action of Board
of Aldermen Last Evening
Was Illegal.

Burlington, Sept. 25.—Injunction, or similar proceedings will be brought with a view to stopping the issuance of \$68,000 city bonds voted at the "snap" meeting of the aldermen yesterday to establish a municipal lighting plant. It is claimed the action of the board is illegal.

BOND FOR LIGHTING PLANT.

Burlington Aldermen Voted to Have a Municipal Lighting Plant.

Burlington, Sept. 25.—At a meeting of the aldermen yesterday afternoon a resolution was passed in favor of a municipal electric lighting plant, and providing for the issuance of three per cent bonds to the sum of \$68,000, for the purpose of constructing a plant. Those who opposed the project claim that there was a snap move on the part of those who favored the idea.

The question of bonding for a municipal lighting plant has been under consideration for a considerable time. At a city meeting it was voted to issue bonds for the establishment of such a plant and the aldermen were instructed to take the necessary action. Several members of the board did not believe the meeting expressed the wishes of the people and when the resolution was presented several weeks ago it was not adopted, the vote standing five to five. Yesterday, however, Aldermen Richardson and Stiles, who were opposed to the resolution, were not present and the faction of the board in favor of the plant was successful. There is a question as to the legality of the meeting yesterday afternoon that will probably be brought up soon.

CAUSE OF ANTI-JEW RIOT.

Official Version Made Public in Russia Today.

St. Petersburg, Sept. 25.—The official version of the anti-Jewish riots at Homel were made public today. It is claimed that the trouble started in a fish-monger's shop. The police supposed that the first outbreak so encouraged the Jews that they paraded the streets, shouting "This is not Kichenoff."

They dared people to touch them and frequently fired revolvers to show they were armed. This so incensed a body of railroad workmen that they attacked the Jews and a general melee in which 140 houses and a number of shops were destroyed, followed. All the Hebrews engaged in the riot, the report says, were arrested.

MUST PAY TAXES.

Burlington Refuses to Exempt a Shoe Firm.

Burlington, Sept. 25.—At a city meeting held last night a resolution providing for the exemption from taxation for ten years of the Hibbard & Perkins Shoe Co., was defeated.

C. P. Smith said that the old company had become insolvent and that it took the entire assets of the corporation as well as Mr. Hibbard's private fortune to settle the accounts. He said that the corporation seeking exemption was an entirely new concern. In conclusion he offered a resolution exempting the concern for ten years. Elias Lyman also favored the exemption.

PEACH FAMILY REUNION.

Notable Event Among People on the East Border of the State.

South Ryegate, Sept. 24.—Tuesday of this week was a day set apart by the Peach family for holding a reunion, and the spot selected was Hall's Pond. The day proved to be a perfect one, and about 200 availed themselves of this opportunity to attend this reunion and basket picnic. To say a good time was the outcome would only begin to express it. The Newbury Drum Corps attended and the Leet sisters of Topham. Speeches were made by the Hon. John Bailey of Wells River and Hon. Horace W. Bailey of Newbury and others.

The picnic was in honor of William Peach who is spending the summer in his native town after an absence of 50 years in California and Oregon, also Charles George and wife who are on from the west, Mrs. George being the only daughter of the late John Peach. NOT MERELY A DREAM.

Montpelier Man Awoke to the Reality, Minus Part of His Mustache.

Montpelier, Sept. 24.—The following story is told by the Montpelier Argus of one of Montpelier's citizens: John Swasey went into a barber shop this morning to have his mustache trimmed and thereby hangs a tale. He tells the story on himself. Last night he had a dream about a minister. While he slept he saw the minister paint one side of his own mustache, and Mr. Swasey, beaming mad at him started to yank out that part discolored. He woke up with a start and found one-half of his mustache in his hand. That was the reason for having his hirsute appendage cyaned up today. The most peculiar thing about the dream to Mr. Swasey is that he should have a minister in mind.
